

Drayton Road Treescape

Beautification

Spartanburg County

\$19,500

Year: 1998

The Drayton Road Treescape project included the planting of about 260 trees. The project covered Drayton Road / Isom Street from North Pine Street to Skylyn Drive. The purpose of the project was to enhance scenic beauty for travelers along the Highway corridor. Larger growing trees, such as Maple trees, were planted where space permitted. Smaller growing trees, such as Dogwood trees, were planted around and under power lines.
