

Cowpens Train Depot Restoration Phase 1 Historic Preservation

Town of Cowpens

\$10,000

Year: 1996

The historic Cowpens Train Depot received a small face-lift in 1996. The Cowpens Train Depot received a new wrought iron railings, and storm windows. In addition to the new improvements the storm doors were removed and the remaining doors were weather stripped. The renovation were done in order to meet the criteria to be placed on the National Registry of Historic Places.
