Spartanburg County / Spartanburg County Foundation (Spot of Pride)

\$112,500

Year: 2005

The beautification project along Business-85 included eight medians that stretch from the Business-85 corridor to the railroad overpasses on Interstate-26 between Business-85 and US Hwy 29. The landscaping enhances the overall scenery along a busy stretch of interstate. Also, it helps with noise control, air quality and providing visual interest to commuters as well as travelers.
