

# Wellford Beautification and Signage

## Beautification

City of Wellford

\$32,500

Year: 2000

The Wellford Beautification and Signage project included a 10.5 mile stretch on Highway 29 from Longwood Drive to Gap Creek Road. The enhancement money funded a variety of tree plantings in grassed medians along this stretch of road. Some of the trees used were Willow Oak trees, Red Maple trees and three types of Crape Myrtle trees.
